

## Magnolia Bostad publishes Green Bond report

**Magnolia Bostad today published its annual follow-up report on invested funds from green bonds.**

*"Through our green bonds, we facilitate the allocation of capital to sustainable properties. In our projects, we work with energy-efficient technology, sustainable material choices and build at least with criteria based on Miljöbyggnad Silver or the Swan," says Lisa Rejler, Interim Sustainability Manager, Magnolia Bostad.*

The green bond report is available on Magnolia Bostad's website at:
